AT GUERLAIN,
WELLNESS IS AN ART

THE ART OF WELLNESS AND LONGEVITY

Guerlain redefines the boundaries of well-being through a holistic philosophy that intimately intertwines beauty, preventive health, and longevity. Each treatment becomes a step in a personalized journey that nurtures the body, restores emotional balance, and supports long-term vitality. Our thoughtfully curated retreats and programs are built around the four foundational pillars of Guerlain wellness: Nutrition, Movement, Sleep, Mindfulness. Guerlain's expertise, exclusive aesthetic innovations, and the world's most advanced wellness technologies combine to bring this transformative vision to life.

KNOW-HOW & DARING

Guerlain's bold vision of wellness began in 1850, when the founder of the Maison created one of the first thermal well-being centers in northern France, in Le Crotoy. This pioneering initiative began a holistic approach to beauty and care. Since the opening of its first Institute in 1939, Guerlain has continuously pushed the limits of excellence, blending audacity with precision. Each Guerlain Wellness Expert is trained in Maison's renowned protocols, mastering the gestures that have shaped the heritage of French spa artistry. Whether through our iconic facial treatments like Imperial Face Sculpt or full-body rituals that evolve with the client's needs, every treatment is a masterpiece of personalization, delivered with finesse and intuition.

THE PRODIGIOUS CHEMISTRY OF NATURE

The natural world lies at the heart of Guerlain skincare, embodied by two of its most extraordinary wonders: the orchid and the bee. Drawing from the orchid's exceptional longevity and the bee's remarkable regenerative power, Guerlain has developed a singular expertise that unites nature with innovation. Through decades of devoted research, the Maison has distilled the essence of these natural treasures, transforming their innate powers into potent rituals that regenerate, repair, and illuminate the skin. These powers are brought to life through immersive, multi-sensory experiences within the serene sanctuary of our Guerlain spa.

Romantic by nature, Parisian by excellence! Part château, part family townhouse, the Saint James Paris is a legendary address, tucked away from prying eyes. Altogether a Relais & Châteaux member hotel and a private club, it cultivates the quintessential Parisian art de vivre, reconciling paradoxes with elegance and feather-light touch. Grandiose and intimate. Romantic and exclusive.

Fully renovated in 2021, the Saint James Paris hosts the prestigious Maison Guerlain in its Spa combining exclusivity and excellence and stretching over 400 square meters and two floors. It offers two handsome treatment rooms including one double, a fitness room and a well-being area with a hammam, a sauna, a whirlpool and a sublime surprise: a sumptuous 15 x 4 metre swimming pool. The majestic Burgundy stone staircase, large vaulted spaces, Greco-Roman details and a bas-relief by François Mascarello alongside the pool transport you to a luxurious and peaceful universe.

Guests of the Spa benefit from the well-being area one to two hours before their appointment time in case they book a treatment of minimum one hour and a half long.

Discover the Guerlain treatments, a perfect union of effective know-how and aesthetic expertise. Take advantage of the specific attentions of the Saint James Paris and savour an unforgettable moment of well-being.
